

Monifieth High School

1:1 Digital Learning – Home School Agreement

Monifieth High School will provide every learner with a Chromebook and a range of digital learning tools and resources to assist and enhance their learning at school and at home. The following terms apply at school, at home and everywhere else.

	School Agreement
	We will:
1.	provide all S1 learners with a Chromebook, charger and access to a range of digital learning resources.
2.	provide all learners with a range of learning opportunities which will make use of the Chromebook, both in school and at home.
3.	provide parents/carers with ongoing advice/training to help them support their child's use of their Chromebook.
4.	ensure that the Chromebook is working and that any repairs are dealt with as quickly and effectively as possible.
5.	give pupils an introduction to using and caring for the Chromebook. This will include a session on security, digital safety, maintenance and health & safety.
6.	provide wireless access to the Internet across all areas of the school site. Provision will be made after school to allow learners to complete homework/carry out research using the Internet if required. The school will not be responsible for any costs involved, nor content accessed, when the Internet is accessed out of school.
7.	regularly monitor and evaluate the use of 1:1 Digital Learning with learners and their families.
