

PRIMARY TRANSITION - SUBJECT LOGOS

As you are preparing for your new S1 courses at Monifieth High you should ensure your work is as organised as possible. It really will help you prepare for the new and different classes you will attend here.

One way of being organised is to have different folders or dividers for each subject you are studying. To help this even further you can give each folder an identity of it's own.

The easiest way to do this is to design a simple "Logo" for each subject.

A logo is a combination of shapes and colours people identify with a specific Company, Instruction or Product.

Can you name the 3 products / companies / instructions linked to the images below?

Task 1 List the subjects you will study next year at Monifieth High School and find out what you could be doing in each. You may already have some information from your Primary School about the subjects you will study. You can also ask your parents, teachers or look on the School Website for further information

Task 2 Identify some common objects, people, colours and shapes you would associate with that subject.

For example:

Art	-	Paints, Brushes, bold colours
History	-	William Wallace, Swords, Saltire, Blue & White
Music	-	Instruments, Notes, black & white notes.

Task 3 Sketch your own ideas for subject Logos.
